

# Typhon WAT 8160

Extra strong, CMYK-Printable water-activated tape

## PRODUCT INFORMATION

### Product description

...

Typhon WAT 8160 is an extra strong wet adhesive tape made from untreated kraft paper and a starch-based adhesive. The special grid reinforcement, which lies between two layers of kraft paper, ensures outstanding strength. Typhon WAT 8160 offers a reliable and secure bond on various cardboard qualities. Once applied, cannot be removed without damaging the cardboard surface, thus protecting against unauthorized access. Typhon WAT 8160 can be customized using both flexographic printing and digital CMYK printing.

### Application

...

Typhon WAT 8160 can be used universally for sealing heavy shipping boxes. It can be easily applied using a special wet adhesive tape dispenser.

### Storage conditions

...

Dry storage, avoid direct sunlight.  
Storage temperature +15 to +25 °C  
Shelf life up to 1 year after delivery.

### Dimensions

...

Lengths	150 m
Widths	60, 70 mm
Other dimensions on request.	

### Technical Data

...
